## Goal Sighted in Sale of Aqua Center Bonds Drive May End Soon

### Sale Reaches \$58,200 With Solicitation Not Yet Completed

The goal was in sight today in the campaign to sell \$70,000 in bonds to finance the proposed new Antioch swimming pool to be known as the Aqua Center.

When the team captains reported Monday at a meeting of the Antioch Lions club, a total of \$58,200 was announced by canvass chairman William Brook, and the work of solicitation was far from being completed after a week's campaign.

Each mail brings in additional checks for purchase and there is no doubt that the campaign will be ended by this time next week.

Last weekend the purchase of bonds began to snowball and the committee found little difficulty in making sales. Now it appears that on the basis of the onrush to make purchases some prospective purchasers may be disappointed. For that reason, Chairman William Brook is suggesting that those who have not been contacted, mail in their requests and checks, or see members of the teams immediately.

At the request of William Horton, the directors and officers of the Lions Community Service Corp. will meet at Smart's Country Club Monday to hear a speaker from the Steel Pool Co., Berlin, Wis., discuss the steel type of pool.

The committee making a study of the various types of pool construction have recommended that bids be received on both cement and steel, which the directors plan to do.

## Horeled, Perkins Win Singles Tournament; 135 Share in Prizes

Tentative results of the 11th annual Singles Tournament at the Antioch Recreation Lanes Feb. 4 through Feb. 12 place Joe Horeled, Hebron bowler with the Antioch Lumber Co. and Ervin Perkins, Woodstock, in a tie for first with 744 pins.

They split \$400 and \$250 for an average of \$325.

Perkins had 730 actual pins and a 14 handicap while Horeled had 688 actual and 56 handicap.

Bob Stelski of Antioch finished 11th, and Joe Stenberg, and Ted Ozga, also of Antioch were 13th and 21st respectively.

According to the tentative list there will be approximately 135 places in the prize list with a score of 615 or more including handicap being "in the money."

Manager Carl Gibson said that the tournament originally was based on 800 entries, but the response was far beyond expectations. There was a solid booking on Saturday and Sunday which brought the total to 1,163 and the prize fund of \$3,489 to be divided among 135 places instead of 80.

Others among the top 10 were Bert Redmond, Waukegan, 689, third, \$150; Gerald D. Thompson, Mundelein, 685, and Arthur Reeves, Lake Forest, tied for fourth, 685, \$95 each; William Molkein, Waterford, Wis., 683, and John Barnes, Deerfield, tied for sixth, 683, \$77.50 each; Atwell Iverson, Ingleside, 682, eighth, Del Vermillion, Fox Lake, 682, tied for eighth; Bike Verona, Cicero, 677, tenth.

## N. I. Company Arranges To Get More Natural Gas in Near Future

Northern Illinois Gas Company has made tentative arrangements with Natural Gas Pipeline Company of America to purchase approximately 145 million cubic feet per day of the new pipeline capacity proposed by Natural today, according to a statement by Marvin Chandler, president of Northern Illinois Gas.

This proposed purchase will increase the total supply available to Northern Illinois Gas from pipelines on peak days by 45 per cent.

"We are very pleased," Chandler said, "that Natural Gas Pipeline Company is proceeding with the steps necessary to secure additional gas so that we may then satisfy many of those of our customers who have been patiently waiting for gas for heating their homes."

"We realize that the various legal steps involved and the construction work required to bring the additional supply to the Chicago area will take time. We cannot authorize customers to connect space heating equipment on the basis of the new capacity until the legal formalities have been completed and we are certain of the delivery date of the additional gas."

## A.T.H.S. Vesper Concert To Offer Sacred Music

The combined vocal groups of Antioch High School will present their sacred "Vespers" concert at 8:30 p. m. Sunday, Feb. 26. The concert will be in the high school auditorium. Tickets are available from music students and will be available at the door.

Featured as special numbers will be a soloist, a madrigal club, and the tower musicians. Soprano soloist will be Jill O'Haver.

The madrigal club is a vocal group that specializes in singing music of the seventeenth century. Members are Nancy Rybacki, Barbara Doolittle, Arlene Cribb, Barbara Domek, Lynn Gray, Janet Rogers, Don Wertz, Bill Hendrickson, Frank Albert and Richard Vlk.

The tower musicians are a group of instrumentalists who will perform sacred music and hymn selections. The term "tower music" comes from the old German "Turm Musik" which were sacred selections played by a brass band from the church tower—in much the same way that carillon bells are heard today.

The concert promises to be a pleasant experience in listening to sacred music.

## Antioch Varsity Fifth, Frosh-Soph Second in Conference Standing

Antioch Township High School's varsity basketball team after faltering in her pre-holiday games, has come back strongly since then and has a chance to tie Fenton for fourth place in the North West Conference standing next week.

This is based on an Antioch victory next week and Fenton's losses in the next two games.

The Sequoit Frosh-Soph team seems to have second place in conference standing clinched. The underclassmen were pushing Fenton for the championship until recently, but the Cook County school with 12 victories and no losses appears to have clinched the title.

## Scout-O-Rama Set for Mar. 10 at Round Lake Consolidated School

The North Shore Area Council, Boy Scouts of America, will present SCOUT-O-RAMA, a display booth show, depicting Scouting in Action. Each of the four Districts in the Council will put on its own show beginning with the Lake Shore District on March 3 at Et. Sheridan, the Northwest District on March 10 at Round Lake Consolidated School, the New Trier District March 10 at New Trier High School, and the Skokie Valley District March 17, at the North Shore Riding and Polo Club.

Over 4000 Cub Scouts, Boy Scouts, Explorers, and leaders from over 100 Scouting Units will man the 160 display booths. Each of the booths will depict some phase of the Scouting program; such as, Cub handicraft, Cub achievements, Scouting skills, merit badges, hobbies, etc. It is expected that the exhibits will be viewed by over 25,000 parents, relatives, and friends of Scouting.

The general public is extended a cordial invitation to see this interesting display of the Scouting program. John Pyle of Libertyville, Council Activities chairman, pointed out that the ticket sale now under way is not a money raising project. The small cost of the admission tickets will be used to defray the expense of producing the show. Mr. Pyle said, "We consider SCOUT-O-RAMA a very important part of our Public Relations program. We want parents and the general public to have an opportunity to really see Scouting in Action."

**Will Open Picnic Grounds**  
The Lake County Board of Supervisors, on the advice of the Zoning Board of Appeals granted Charles and Anna Paddock their petition to reclassify 17 acres on the east shore of Grays Lake from R-4 residential to B-1 business so that they may set up picnic grounds, a boat livery and a soft drink stand.

## High School Students Speak at Schools on Crusade for Freedom

The annual drive for the Crusade for Freedom is again being sponsored by the Student Council this year at the Antioch Twp. High School. As has been the custom in the past, members of the Council will enroll as many boys and girls as possible in all schools in the high school area.

This is the fifth year that the Council has sponsored the Crusade in this area. Principals or teachers in charge of the various schools have been contacted and a day set aside on which their students may be enrolled. The purpose is to once again renew our faith in the cause for freedom throughout the world. The truth dollars we contribute will help to further the cause for a free world, for the money contributed in this drive is being spent to buy more transmitters to help broadcast the truth about freedom to the enslaved people of Europe.

Antioch Township contributions have gone a long way toward promoting this cause. The names of most of the boys and girls enrolled in schools in this area in the past five years are on the freedom scrolls beneath the big liberty bell in Berlin. This bell rings every day of the world for the peace. As each boy or girl or man or woman again signs the freedom scroll, he again voices his stand in the cause for freedom. Money is needed to finance the cause, but contributions are solely on a voluntary basis. It is desired that all will sign the scroll whether a contribution is made or not.

Two students were assigned to enroll each school in the area. For the most part they are students who have attended that school before entering high school. Their schedule follows:

Wednesday, Feb. 15 at 9:15 a. m., Antioch Grade School—Don Cardiff and Charles Behrendt.

Wednesday, Feb. 15 at 9 a. m., Lake Villa Grade School—Alan (continued on page 12)

## Formation of DeMolay Chapter to be Made at Meeting Monday

An organizing body will meet at 7:30 p. m. Monday with a group of boys in the formation of a DeMolay chapter for this community.

While the youth movement is not sponsored by the Masonic lodge as such, Robert Pincombe, master of the local lodge, Fred Swanson and others are interested in organizing the chapter which will be the third in Lake County.

The meeting Monday will be at the Masonic hall.

The Order of DeMolay is an organization of boys between the ages of 14 and 21 who have dedicated themselves to God, their country and to their parents.

Virtues listed in DeMolay services are emphasis on spiritual values applied daily; willingness to fight for the country when it is in danger; reverence to his mother and makes his father his pal; seeks to serve others, aspires to leadership as prerequisites to good citizenship; likes to work and play with other boys; and eventually will play a part in the destiny of the nation and perhaps the fate of humanity.

There are chapters of DeMolay in Waukegan and Libertyville. Representatives of those groups have appeared in Antioch on several occasions.

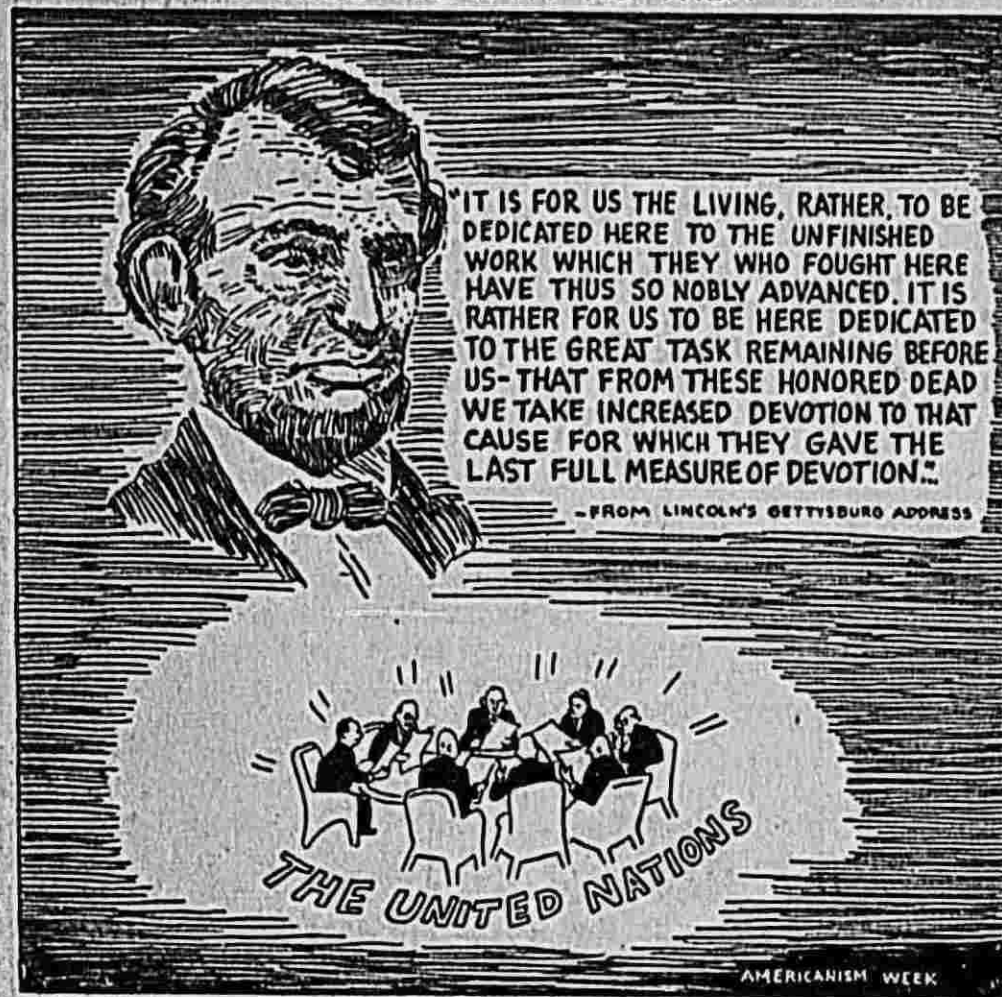

## Public May Attend Lecture Tuesday at Antioch High School

The Antioch Township High School Student Council will sponsor Mr. Stuart Struever and his program "Buried Kaskaskia," at 8:40 a. m. Tuesday, Feb. 21, in the high school auditorium. The public is invited to attend this interesting and educational program which is paid entirely by the Student Council.

Struever was one of four scientists to uncover this centuries-old skeleton at Kaskaskia, Ill. He was assistant to the director of the Starved Rock Expedition. Struever is a graduate of Dartmouth College in English and Anthropology and was affiliated with the 1951 University of New Mexico expedition. At 20 years of age Struever was named assistant to Melvin Fowler, expedition director at New Kaskaskia for the Illinois State Museum.

He will direct the 1955 field expedition to the Kihne Site. Struever will remain at Antioch High School for the rest of the day to speak to the history classes.

## Mrs. Irene Jarolimek of Lake Catherine Found Dead of Strangulation; Daughter-in-law Maxine Jarolimek, Island Lake, Charged with Murder

### Women Had Quarreled Over Money Matters; Rifle Bullet Fired

#### Private Funeral Service for Mrs. Jarolimek Today at Strang Mortuary

Mrs. Irene Jarolimek, 55, of Fox ave., Felter's Subdivision, Lake Catherine, was found strangled to death at her home Tuesday afternoon and her daughter-in-law, Mrs. Maxine Jarolimek, 33, of Island Lake is being held without bond in the Lake County jail charged with murder.

Mrs. Jarolimek was found on the floor by the door of her home with a bullet wound in her cheek and a white scarf twisted around her neck when her husband, Jerry, 56, arrived home from work at the Deep-freeze plant in Waukegan at 4:15 p. m.

Mr. Jarolimek immediately called the Antioch Rescue squad and Captain Herman Holbek decided upon arrival that there had been a murder and not a suicide as some believed.

He called Dr. Allan Thain of Antioch and then used the squad car radio in calling the sheriff's office. He said that the woman had been dead about three hours for rigor mortis had not set in.

**Autopsy Confirms Strangulation**  
An autopsy at the Strang Funeral home Tuesday night confirmed the belief that Mrs. Jarolimek had been strangled to death.

First clue to the possible slayer came from a neighbor, Oliver Hughes, who told Deputy Hugh Kennedy that he noted a strange car (continued on page 12)

## Antioch Triples Quota in Contributions to Condell Hospital Fund

Antioch's quota of \$300 in the Condell Memorial Hospital Fund drive was exceeded by 325 per cent, a report from the headquarters in Libertyville said following the victory dinner last Thursday in the Diamond Lake church.

Antioch's pledges were in excess of \$1,000, Mrs. Lester Hribar of Indian Point reported. Mrs. Everett J. Ortedahl of Antioch was her co-chairman.

The local gifts helped carry the total to more than \$97,000 which was well in excess of the \$92,000 goal.

The comparatively large gift by Antioch was an effort it was said, on the part of some local citizens to do as much for Condell hospital as had been done for Victory Memorial and St. Theresa hospital in their recent building programs.

### Show at Central High

The Central High School, Salem, is sponsoring a barber shop quartette and home talent show on Saturday, Feb. 25, at 8 p. m. Barber Shop quartettes from Kenosha, Racine, and Waukegan will perform. George Addie of Kenosha is the master of ceremonies.

Home talent performance will be from the local school district. The public is invited to attend one of the better shows of its kind. Tickets are available at the high school. Refreshments will be sold. Proceeds will go toward student awards.

## Sequoits Beat Fenton, N. Chicago, Palatine; Play Zion Saturday

### Varsity Coming Down the Home Stretch Strong; Sophs in 2nd Place

After winning games from Fenton, North Chicago, and Palatine High schools, over the last five days, Antioch's Sequoits braced themselves for a head-on clash between Zion-Benton here Saturday night.

Zion-Benton has won her last 12 games, one of them against Crystal Lake which ranks among the top 20 of the state.

Having won 7 of their 10 games since the holidays, the Sequoits believe they are in a position to give the ZeeBees a real battle and to spoil their record.

A notable victory for Antioch was the 64 to 61 defeat of the North Chicago Warhawks at the industrial city Saturday night. In downing the Warhawks the Sequoits claimed an advantage in three of the four quarters of play. They did this by limiting the North Chicago star, Johnny Boyle to six field goals and a total of 16 points in contrast to his 33 point per game average.

Gerry Huml, Antioch forward not only turned in an equal number of field goals but did an outstanding job of helping guard Boyle. Frank Walsh led the Antioch scoring with 20 points, nine of which were baskets from the field.

The score by quarters was:

Coach Larry Leon gave his entire squad a chance to play in Tuesday night's game against the Palatine Pirates at Palatine which the Sequoits won 60 to 43. The early evening game had been moved forward from Friday night because of conflicting sports events there.

It was only in the fourth quarter that the Pirates were able to develop any superiority and that was (continued on page 12)

## Mrs. Carl Winters of Oak Park to Address Antioch Woman's Cl.

Mrs. Carl Winters of Oak Park speaking on "Friends or Foreigners" will give the program for the Antioch Woman's club guest day at 1:30 p. m. Monday at the Scout Home.

She was a delegate to the first International Convention of Women's clubs at Geneva, Switzerland last June and spent seven weeks in Europe and the Holy Land. From these experiences, she bases her talk.

Widely known for her religious and civic work, she comes highly recommended for her lectures to clubs, educational institutions and churches.

Her husband, Dr. Carl Winters is a minister of the First Baptist church of Oak Park and she is also a licensed minister. Having been very well received here a few years ago, she returns to the club for her second engagement.

Mrs. Clarence Gibbons will head the hostess committee for the afternoon with the assistance of Mesdames Donald Sargol, Frank Powles, Robert Liess, H. B. Gaston, S. W. Bailey, Edward Cranley, C. N. Dunbar, Lester Osmond and E. J. McDougall.

## Candidates for A.T.H.S. Board May File Feb. 29

February 29 is the first day for filing of petitions for candidates seeking nomination to the Antioch Township High School Board of Education election to be held on April 14, 1956. The petitions are now available at the high school office.

Residents of the school district wishing to run for the Board of Education posts must submit their signed petitions and statements of candidacy to Louis Biel, secretary of the board, at the high school office by March 24. Such petitions may be withdrawn until March 30.

### A City Without a Newspaper

What is it like to live in a city without a regular newspaper?

The people of Detroit know—after a prolonged strike that shut down all three of its dailies. The merchants of the city learned it particularly well—the hard way. They used all the other media to the limit. Some stores put out handbills of their own, to advertise their holiday wares. Yet, though Christmas trade for the country as a whole was well above last year, many Detroit stores did less business. The lack of newspapers was responsible.

Again, the merchants faced a fresh problem at post-holiday sale time. They had bargains and specials to offer as usual—but moving them was another matter, without newspaper advertising space.

The community problems that arise from lack of newspapers are certainly not limited to the big cities. The smaller towns are equally dependent upon the weeklies and dailies that serve them. In the small town, especially, the newspaper is a running record of its history—a thread that constantly touches the lives of all the people who live there. And, despite the newer media, it remains the most effective means of advertising for merchants and others.

Infinitely more important, the newspaper, small or large, is a guardian of our rights and liberties which is always on duty.

### Politics Conquers Logic

In the authoritative view of Admiral Ben Moreell, who headed the Hoover Commission Task Force on Water Resources and Power, "There is no logical reason for the popular appeal of public power."

The Admiral then supported this statement with incontrovertible facts. The cost of electricity runs to about one per cent of the average household's budget—much less than for almost any other service or article he regularly buys. A reduction of

only three per cent in this householder's tax bill would pay for all his power.

In manufacturing the cost of electric power averages about one-half-of-one per cent to one-per cent of the product value, with only two exceptions—the electrochemical and electrometallurgical industries, where the average is a little over 10 per cent.

If, as Admiral Moreell has demonstrated, there is no logic in the public power issue, why is it kept alive? The answer can be given in a single word—Politics. This is a case where political and ideological considerations have conquered logic. Those who beat the drums loudest for public power are, for the most part, those who want more and more governmental controls of all kinds over all our enterprises and activities. Their attitude is the socialist attitude, whose basic premise is that government must be the boss in all matters of general importance.

Long steps toward making the government the boss of everything would be to create a tax-subsidized electric power monopoly.

### The Low Down from Hickory Grove

I dip—today—my pen in ink and sound-off on how we could do a bit of refurbishing in Govt., "presidentially" speaking. Our Senor Ike has had too much to do—not that he has not done a skookum job—he has. He has shifted a heap of work to selected men—but if we get a good man and want to keep him a good one, there should be a shift-away from making the president's every move an occasion for handshaking or show, so that some dame or guy can go on home and tell the natives just how they shook the president's hand or looked him right in the eye.

But it is not Ike's job to curb the side appearances, it is the job of the ones around him to put on the brakes.

You know, if the public has gotta shake hands and such, we could either do as England does, whose Queen or King makes the public appearances while others make the laws. Or we could hire ourself a reasonably good facsimile of our Pres.—for looks—for handshaking duties and leave the Pres. to his task of steering the ship of state. Simmered down, let's don't make the road rougher and tougher for Senor Ike. Such a type does not grow profusely by the roadside. And in the second place—his Mamie will need him in fettle—in due time—down on the farm. Milking, you know—and eggs and such.

Yours with the low down,

JO SERRA

"LITTLE BILL" your electric friend

You can dry a load of washed clothes automatically in a matter of minutes in a modern electric dryer. And it costs only pennies.  
How we keep your electric bill down (while everything else goes up)

Today, though you use electricity for many things besides light, you get nearly twice as much of it for your money as you did in 1930.

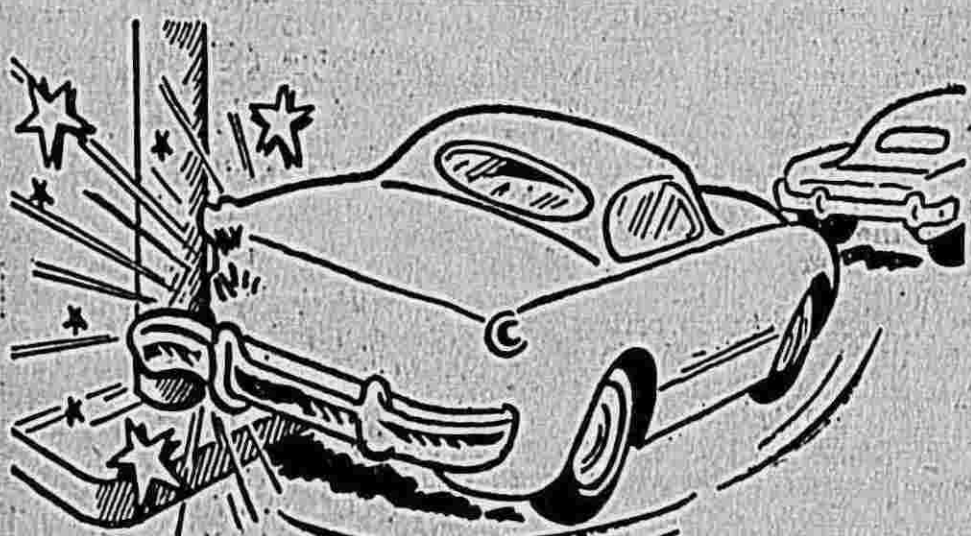

One reason for this is Commonwealth Edison and Public Service Company's continuous engineering research. For example, as a result of our thermal studies on the use of equipment, we are distributing 15% more

electricity with the same equipment. This has effected savings in the cost of new installations amounting to millions of dollars over the years.

These and other important savings are passed on to you daily. Another example of why the electricity you use today actually costs you less per kilowatt-hour than it did 25 years ago.

Frank Pat Daly, right, of Waukegan is shown handing six crisp \$1,000 bills to Albert Sorensen, 34, of Petite Lake, as Mrs. Sorensen smiles the acceptance as a reward for Sorensen's honesty in reporting the finding of \$42,525 which Circuit Court Judge Bernard Decker said belonged to Mrs. James Siskind. Sorensen found the money last May while remodel-

ing a Waukegan building and deposited it in the State Bank of Antioch until the owner could be found. Mrs. Siskind, book store owner in Waukegan, said it was the savings of herself and her sister who hid the money before her death. She gave the \$6,000 reward through her attorney.

## In Memoriam

Lester Anthony Elmer Lasco

In sad but loving memory of my beloved son Lester who passed from this life Feb. 15, 1954.

Happy was our Home when we were all together,  
Lonely is my hearth today  
For dear Lester I loved so dearly  
Has forever passed away.  
God knows my silent heartache;  
God knows I have lost I can tell.

God knows my love for you dear Lester,  
God knows that I loved you so well.  
Your loving Mother  
Brothers, Sister.

## Thank You

We wish to express our sincere appreciation to the Antioch Rescue Squad, Mrs. Kopriya and Thain, and many friends for their help in our recent bereavement.

### Schools—The Awful Truth

Ten years from now 23 per cent more children will be entering elementary schools than today, 55 per cent more in high schools and 40 per cent more in colleges. We will need some 600,000 more classrooms to accommodate them—a jump of

more taxes. The total cost of about 60 per cent, according to the Kiplinger Letter.

We'll also need 200,000 more teachers every year for ten years to cover school growth and to replace those who quit or retire.

The main problem, of course, is money, which in the end means

schools, public and private, now is eight to ten billion dollars a year. In the next ten years this may double and most of it must come from taxes.

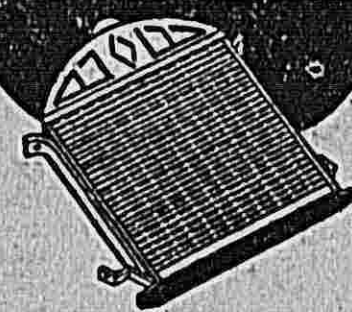

What kind of taxes will support

the schools? Mostly property taxes for already nearly 45 per cent of the property taxes collected in states go to the schools. So there will be higher local taxes, higher property assessments, and fewer exemptions.

WHY hold back from the fun and thrill and pride of bossing a Buick — when you can boss such a big and strapping beauty for the price of a smaller car?

Hard to believe? Listen...

If you can afford any new car, you can afford this brawny Buick SPECIAL Sedan — for a very simple reason.

This Buick is priced within a few dollars of the well-known smaller cars — and actually costs less than some models of those very same cars. (The price we show here proves that.)

Want more proof? For two years in a row now, Buick has outsold every other car in America except two of those well-known smaller cars. And you can bet your bottom dollar that it takes bedrock prices to stay in the Top 3 of the nation's best sellers.

But even that isn't the whole story — not by a long shot.

Folks are buying Buicks in record numbers because they find in these big beauties a lot more automobile for the money.

They find here more styling freshness and distinction — more snap and ginger and power thrill — more comfort and luxury — more ride stability and steadiness — and more structural solidity and pure automobile than the same money buys elsewhere.

So if you want to move into the big-car travel world at a small-car price — if you want to have the time of your motoring life with the lift and lilt and pride and prestige of a beautiful new Buick as your very own — what's holding you back?

Drop in on us right quick — tomorrow, maybe? — and we'll show you the biggest bundle of high-powered Buick ever offered in America's low-price field.

WHEN BETTER AUTOMOBILES ARE BUILT  
BUICK WILL BUILD THEM

\*2-Door, 6-Passenger Buick SPECIAL Sedan, Model 48, illustrated. Any state and local taxes, additional. Prices may vary slightly in adjoining communities. A wide variety of extra-cost equipment and accessories available at your option.

## James-Gall Wedding Ceremony Saturday at St. Peter's Church

Adelia Edith James, daughter of Mr. and Mrs. Norman E. James of Antioch, and Donald A. Gall, son of Mr. and Mrs. Paul Gall of Bassett, Wis., were united in marriage in a double ring ceremony at 3:30 p. m. Saturday at St. Peter's church in Antioch.

Given in marriage by her father, the bride wore a gown of lace and net over taffeta with a fitted bodice and bouffant floor length skirt. Her fingertip veil was held in place by a crown of pearls, her flowers were white carnations with a center of purple stock.

Her matron of honor, Mrs. Jack Kraft of Melrose Park, and bridesmaids, Mrs. Norman James, Jr., Miss Joanne Gall, Miss Dolores Braeckman, Miss Gloria Lubkeman, and Miss Mary Ann Kempf wore gowns of purple velvet and matching caps and carried yellow carnations.

Elmer Arnold, of Twin Lakes, acted as his nephew's best man and Norman James, Jr., Robert James, John Jones, James Sarbacker and William Pedella were ushers.

The bride's mother wore a navy blue gown with pink accessories and a corsage of pink carnations. The groom's mother wore a beige suit with navy accessories and her corsage was also pink carnations.

A reception for 200 was held immediately following the ceremony at the Lake Villa village hall.

The bride is a graduate of Proviso High school and is employed at the Antioch clinic. The groom is a graduate of Union Free High school at Wilmett and is employed by his father who is a contractor. The young couple will make their home in Salem.

## Eastern Star Plans Dinners for May, June

The Officers club of the Antioch Order of Eastern Star has planned a roast beef dinner which will be served to the public at the Masonic Temple from 5 to 7 p. m. May 5.

This revenue producing project planned this week by the officers will be followed by the annual bazaar and ham dinner which will be another public event on June 30.

Feb. 29 will be observed as Matrons and Patrons Night by the Eastern Star here with representatives of other lodges filling the offices and stations.

## WOMEN OF THE MOOSE INITIATE TWO FEB. 2

Two candidates were initiated into the Women of the Moose lodge at the Feb. 2 meeting. They were Helen Newhouse, sponsored by Blanche Horton, and Alma Cole, sponsored by Dorothy Puig. Dorothy Stocko was welcomed as a new member.

Entertainment comprised an accordion solo by Roger Van Patten, and refreshments provided by the ritual committee of which Betty Heath is chairman.

Mr. and Mrs. Earl Arthur and Mr. and Mrs. David Arthur returned home Thursday after a two week vacation through the southern states by plane.

## Married Saturday at St. Peter's

## Haley-Waite Wedding Took Place Saturday at St. Peter Church

Elizabeth Mary Haley, daughter of Mr. and Mrs. Thomas Haley, Jr., of Antioch and Dean G. Waite, son of Mr. and Mrs. Vernon Waite of Duck Lake Woods were united in marriage Saturday at solemn nuptial high mass at St. Peter's church in Antioch with Fr. John Quinn, second cousin of the bride, Fr. James Murtaugh, and Fr. Francis Johnson in charge of the service.

Three of the bride's brothers and a cousin acted as altar boys. Elizabeth, given in marriage by her father, wore a gown of lace over satin with a fitted bodice. The skirt was floor length with a chapel sweep. Her fingertip veil was held with a crown of pearls. She carried her first Holy Communion prayer book with a white orchid attached.

Mary Ann Whelan, of Chicago, cousin of the bride was matron of honor, Joan Haley, cousin, and Mary Waite, sister of the groom, served as bridesmaids. The bride's sister, Margaret was junior bridesmaid. They wore long torso gowns of ballerina length in valentine red and wore white velvet helmets trimmed with red rosebuds and carried white muffs trimmed with the rosebuds. They all wore pearl chokers, a gift of the bride.

Donald Waite served as his brother's best man and Dennis Waite and Thomas Haley were ushers. The bride's mother wore a gown of navy blue silk with white accessories and wore a white orchid corsage. The groom's mother chose

navy blue shantung and pink accessories and her corsage was also a white orchid.

The reception was held at the church with dinner at 12:30 for 150 guests.

The bride's grandparents, Mr. and Mrs. Thomas Haley, Sr., from Chicago were also present.

The newlyweds left for a short wedding trip though the southern states, and on their return will make their home in Fox Lake.

The Girls Glee Club of Antioch High school recently elected Barbara Smith president of the organization to take the place of Judy Pyle who has transferred to a high school in Philadelphia, Pa. Barbara was chosen from among five candidates.

## Eliañ Fernando to Be Lent Speaker Tuesday At Methodist Church

Special lenten meetings will be held at the Methodist church of Antioch each Tuesday evening during lent. The theme of the first meeting on Tuesday, Feb. 21, will be "Missions in Southeast Asia."

The speaker will be Eliañ Fernando from Ceylon. Having lived in this area all of his life, Mr. Fernando speaks out of personal experience. This is his second visit to the church in Antioch, and many are looking forward to meeting him again.

Mr. Fernando is a student at Garrett Biblical Institute, a graduate seminary of the Methodist Church in Evanston.

A pot-luck supper will be shared at 6:45 p. m., and Mr. Fernando will speak at 7:30 p. m. All interested persons in the community are invited to these Tuesday evening meetings.

The regular service of morning worship will be held this Sunday, Feb. 19, at 11:00 a. m.

## David Cain on Panel At Business Student Conference Yesterday

David Cain of Antioch and a student at Northwestern University in Evanston participated in a panel discussion "Business Conference Plus One" at the eleventh annual business students conference sponsored by the Chicago Business Educators Association on the Chicago campus of Northwestern University, Wednesday.

Panel participants had attended the conference the previous year as high school students and they had been selected to return to tell of their present association with business either as students or employees. Also appearing from Lake county was Virginia Thompson of Waukegan who now works at Johnson Motors.

Antioch Township High School students who attended the conference with their instructor, Miss Esther Slavin, were: Yvonne Bigner, Jackie Martin, Donna Reidel, Valerie Gresens, Marye Schwicht, Mary Ann Kempf, Diane Robis, Donna Anderson, Kathleen Conlon, Christine Plasienski, Al Herman and James Stonis.

Ten Richmond-Burton High School students from Richmond made the bus trip with the local students and their instructor, DuWayne Sheldon.

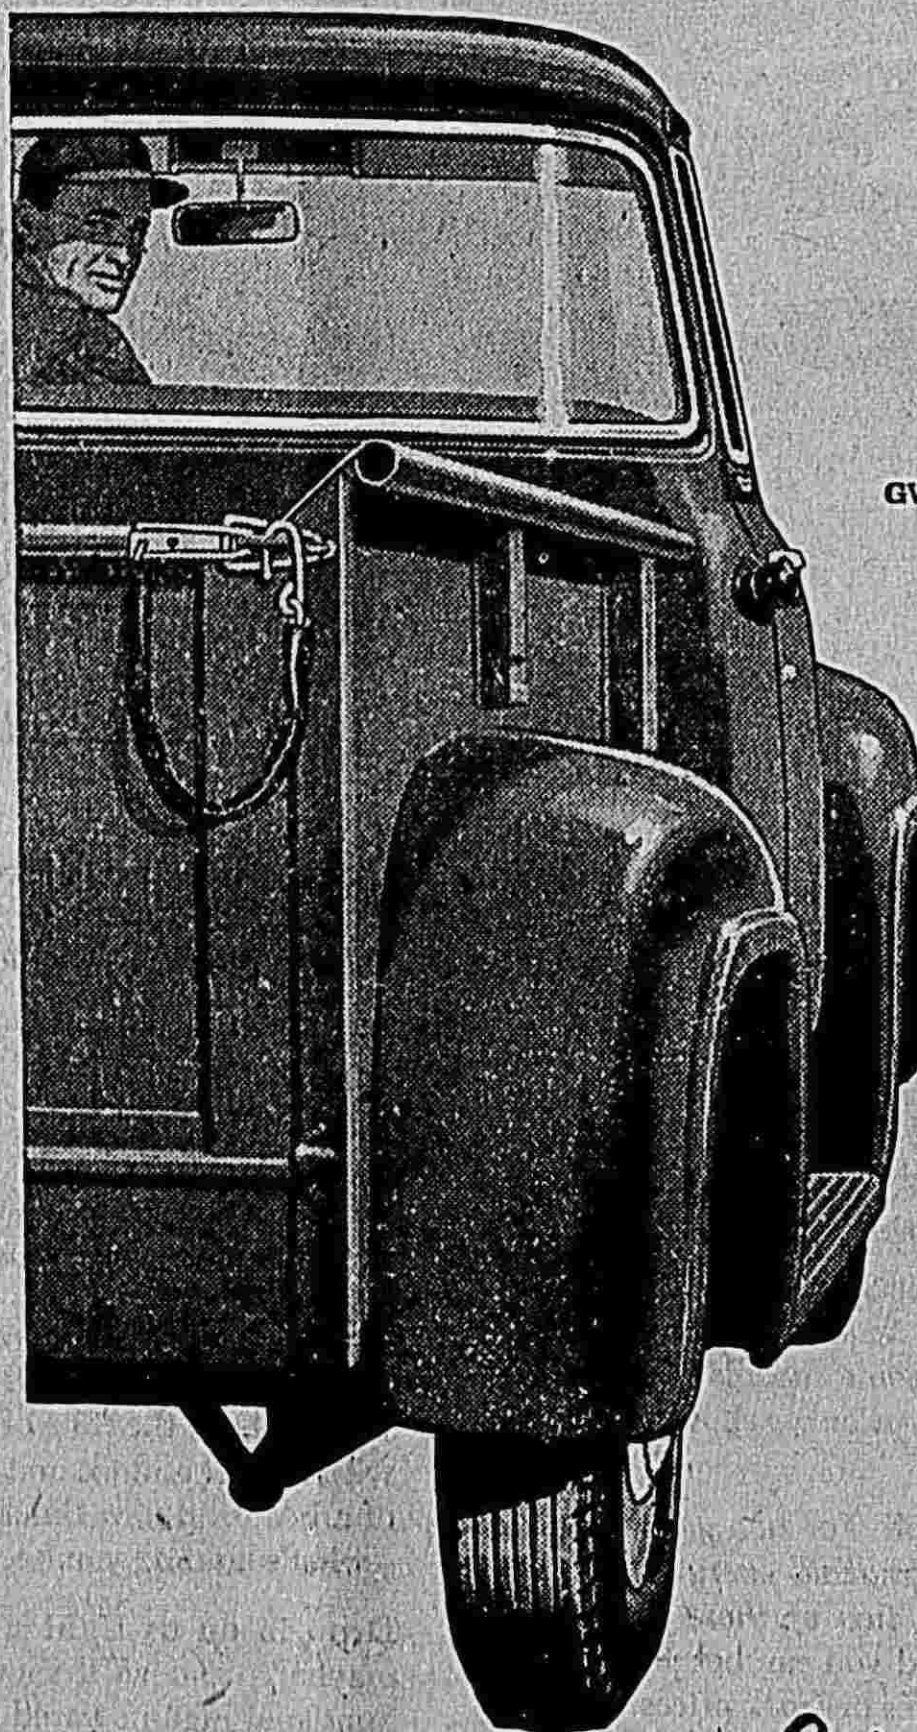

Jackie Martin and Donna Reidel served as ushers in Wieboldt hall. Warren Polley of the local high school serves as president of the organization which sponsored the event.

## Sophis Win One, Lose Two

The Antioch High Frosh-Soph basketball team didn't have as good weekend as the Varsity. The underclassmen lost to Fenton 48 to 58, and to North Chicago 49 to 60, but won from Palatine 64-41.

## Auxiliary News

### Delegates Report

Antioch Unit 748 American Legion Auxiliary held a regular business meeting Friday evening, Feb. 10, at which time delegates gave reports on the District meeting held in Lake Forest Feb. 8. Delegates and members from the unit attending the district meeting were Pearl Anderson, Carolyn Horan, Agnes Hills, Bessie Wald, Gloria Carrick, Dorothy Horan, Ellen Swenson and Kathryn Avery.

Speaker for the program at Lake Forest was Robert Ticken, United States Attorney. Eleven units of the 10th District had their colors present in the Flag Presentation ceremony honoring two of America's beloved leaders, George Washington and Abraham Lincoln, whose birthdays we celebrate this month.

### Americanism

February being Americanism month, Mrs. Lucy Himens, Americanism chairman of Antioch Unit, gave a report on work of the Unit in Americanism. A Girl Scout troop is sponsored by the unit.

The Essay contest subject, "My Privileges and Obligations as an American Citizen" has been entered in the schools.

Antioch Unit also sponsors a Brownie Scout troop and has presented the scout troop with the American flag and their scout troop flag.

### Poppy Chairman

Mrs. Myra Mann has resigned from her duties as poppy chairman of the unit, and President Pearl Anderson appointed Lydia Edwards to fill the vacancy. District Poppy chairman, Dorothy Horan, has contacted the schools in and around Antioch in regard to entering the Poppy Poster contest.

### Book Review Given

Mrs. Lily Petty gave a very interesting review of one of the several books on "American Heritage." The Antioch library has these books and they should be read by all interested in learning more about the great men of our country whose works in science and invention down through the years have made America the great nation it is today.

### Birthday Party

Antioch Unit will celebrate its 29th birthday on February 24 in the Legion hall. The unit was organized in 1926 and received its charter in February 1927 with Lillian Jensen as the first president.

The party on Feb. 24 is for all Auxiliary members and their families. Pot luck supper will be served at 6:30 p. m.

## Doctors Study Allergy Caused by Insects

Allergy to may flies, silk cocoons, ant eggs or fruit flies may be causing your stuffed-up nose and runny eyes. That insects probably are a major cause of respiratory allergy was reported Monday by a Northwestern University medical school research team.

Drs. Alan Feinberg, instructor in medicine, Samuel Feinberg, professor of medicine, and Carlos Benaim-Pinto, fellow in medicine, are studying the problem at the school's allergy Research laboratory at the Northwestern Medical Center in Chicago.

The doctors reported to the American Academy of Allergy meeting in St. Louis, Mo., that nearly 30 per cent of patients tested who had asthma or hayfever symptoms were sensitive to insects. They believed the patients were allergic to the tiny disintegrated bits of insect dust inhaled from the air and the soil.

"Allergy to insects has been known for a long time," the doctors said. "Death from a bee sting was reported at least as early as 200 years ago. Isolated instances have been observed of asthma or rhinitis caused by the may fly, caddis fly, mushroom fly, aphid, bedbug, locust, bee, house fly, moth and mite. However, the concept that insects and other small life may be a major cause of respiratory allergy has not been seriously considered."

"Since there exist tens of thousands of insect species, the problems of diagnosis and treatment are tremendously complicated. We have found so far that patients who are sensitive to one insect as shown by skin tests are usually sensitive to a number of other insects."

Treating a small number of patients by desensitization with a series of injections of weak solutions of the insect antigen (the allergy producing substance from the insects) "have been encouraging," the doctors reported.

They stressed that were making only a preliminary report. "The studies will require long and extensive work," they said. "Studies must be done on the chemical nature of the substances involved, on the relationships of different insect antigens and antibodies to each other, on what other small animal life might be involved, such as those in the soil."

### More Widows Than Widowers

On the national average, women live 6 years longer than their husbands and are about 3 years younger, making a 9-year difference in the life expectancies of average couples. Thus 13 per cent of women are widows while only 4 per cent of men are widowers. Add this to the fact that men leave their estates, large and small, to their widows and you see why so much of the nation's wealth is in the hands of women.—The Kiplinger Letter.

## IT'S SIMPLE TO STORE THE POP IN POPCORN

On these cold winter afternoons and evenings do you imagine a heaping bowl of fluffy popped corn—all warm and buttery. You look through your kitchen cabinet and, happily, find some corn left over from the last time you brought out the popper. But instead of the large, tender bits of popcorn you made before, the kernels turn out to be only half-popped and half-tender. So much for your dream! Want to know what happened in the few days since you removed specially-processed, perfectly popable corn from its original airtight container?

The popcorn kernels dried out—because of the relatively warm air in our modern homes. Once popcorn has been opened, use one simple precaution to maintain correct moisture content. Seal the kernels again in a jar, can, or plastic bag and keep in a cool place or in the freezer. If corn is already dried out from incorrect storage, raise the moisture content by moistening a cloth or blotter in salt solution, rolling it up, and putting it into a tight container with the corn. Let stand at least 24 hours. When ready to use the corn, mix it thoroughly and test-pop a few kernels. If still too dry, repeat the moistening procedure.

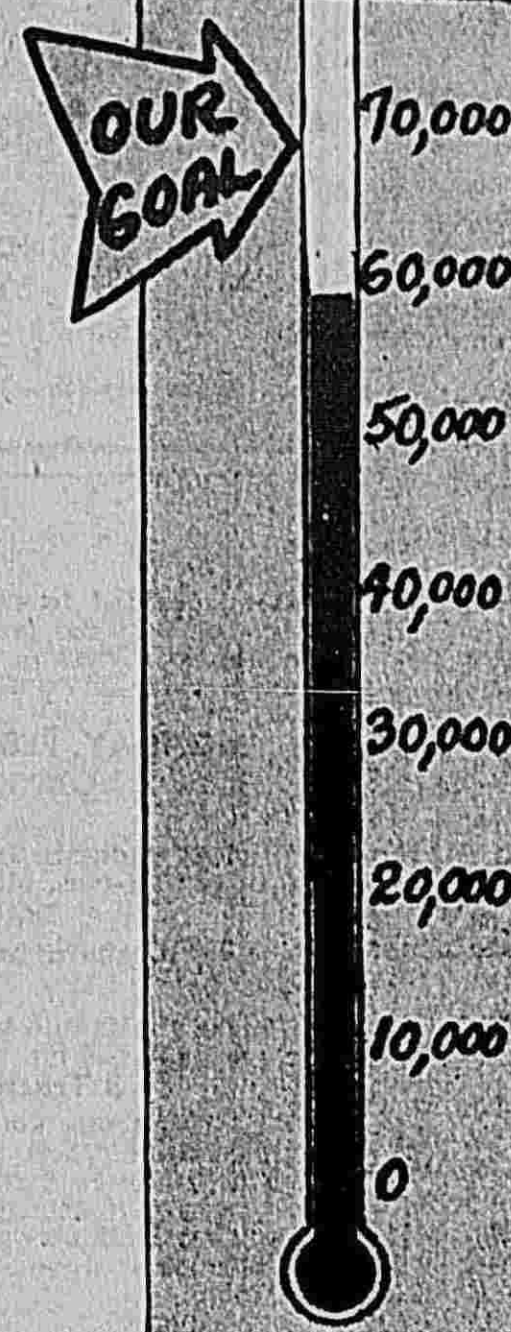

And equally important for the largest, tenderest popped corn—be sure to use HOT oil, close to 500 degrees in temperature. An accurate heat test of the oil can be made by dropping in a few kernels to see if they "spin." If they do, you're ready to pop. Pour in only one layer of kernels, having oil deep enough to just cover them. Put on the lid and shake, keeping the heat high. In less than a minute you'll hear so much action going on you won't be really surprised if the huge airy morsels life the lid all by themselves. At the sound of the last few pops, remove from heat.

Delicious popcorn—every time—is THAT easy to make. Good eating.

### Safe Driving Survey Made by State Farm Mutual Ins. Company

Wholesalers are still displaying their outstanding safe driving record, holding onto the top spot in the new survey completed by the State Farm Mutual Automobile Insurance Company of Bloomington, Ill., according to George J. Mazzuca, local agent for the firm, at Rte. 21 and Grass Lake rd., Antioch.

Periodically, State Farm Mutual, the biggest auto insurance company in the world, takes a statistical look at the accident experience of its own policyholders—now at the 4,000,000 mark—and ranks the passenger car drivers according to their occupations.

Among the 64 occupational groups classified, proprietors and managers of wholesale establishments held onto first place—indicating that they consider themselves and their cars as valuable merchandise and recognize the profit in careful driving.

In the previous survey in 1953, housewives were complimented for their standing in 28th place, ahead of many male groups. Since then the ladies, smugly or not, have settled down in a rut and haven't budged from the spot.

Law enforcement officials have moved up toward the front of the line. Though they're not leading the safe driving parade, they're well up in 7th place. And this shows progress, for the watchdogs of the law ranked 14th in the insurance company's last previous survey.

Also rising substantially from their own previous standings are rural mail carriers, and federal and state officials.

Farmers continue to cultivate safe driving habits. They're rolling along in 5th place, showing their taillights to many city slickers and leading all other major occupational groups as safe drivers. But their hired help plowed from 35th down to the 47th row in the standings.

With a sharp eye, perhaps, on the fact that fewer accidents help bring lower insurance rates, policyholders in the financial field proceeded cautiously from a previous 8th up to a sound number 3 position.

Teachers are setting a good example with a number 6 mark to their credit. But the students are still down near the foot of the class with a flunking 62. Likewise, commissioned military officers advanced ten steps to position 30—but enlisted military personnel still bring up the rear in 64th place as passenger car drivers.

Editors, reporters and photographers followed a middle-of-the-road policy, seemingly, in their own car driving experience. A look at the current State Farm survey discloses the gentlemen of the fourth estate in 26th place, stuck in the middle of the column right where they were before. And lawyers have to work up a defense case for their driving, with the evidence showing a slight drop from 50th to 52nd.

Quite a dramatic struggle takes the spotlight in the back part of the field—where the people in the liquor industry (57th) are breathing down the necks of the motoring clergy (58th).

On the downhill side, auto salesmen skidded from 32nd to a low, low 45th. The figures kicked veterinarians from 22nd down to 33rd. And undertakers buried their record 43-deep, after a previous dignified 18th.

Mazzuca points out that this study is based solely on accident claim

losses related to premiums among State Farm Mutual's own policyholders. The results are meant to show an interesting comparison of the accident experience of occupational groups as passenger car drivers, without reflecting local situations or any individual's driving habits.

And people in many occupations can find some comfort when they look down the list and discover: "Insurance agents and brokers—49th."

I wish to announce  
as of Thursday, February 9th  
my office will be located in the new building  
adjoining the Antioch Theatre on Lake St.

Mrs. Mary Umehofer of Petite Lake Park has been convalescing at her home from a foot injury.

Mr. and Mrs. Nathan Beiser and family moved this week to their new home on Cedar Lake road.

### SHOWER SAFETY FIRST

Don't skimp on bathroom safety, experts advise, especially where children are concerned. Some 90,000 persons are injured yearly in bathroom scalds and falls, mostly in tub and shower. Newest protective device is the thermostatic water temperature regulator shown in use above. It takes the place of the usual two to four hand valves, and automatically maintains the water temperature at the point desired by the bather. Failure of cold water supply instantly shuts off the shower. A thermostatic safety limit prevents delivery of water above 110 degrees, protecting the bather against scalding water. Made by the Powers Regulator Company, Skokie, Ill., the control is sold by plumbing contractors.

### Lucy-Desi Say "Sign Up"

Lucille Ball and Desi Arnaz join the ranks of the U. S. Navy as they become U. S. Navy recruiters for Comdr. H. L. Wellszewski, USN, the Operation Sign-Up Task Group Commander for the state of Illinois. February is Navy Month.

West Virginia's Pocahontas Mine No. 1, the original producer of the Pocahontas Fuel Co., Inc., yielded more than 44,000,000 tons of coal between 1870 and 1956. That's enough coal to fill 880,000 hopper cars of 50-ton capacity to carry a train 5,750 miles long, reaching from Norfolk, Va., to Los Angeles, to Seattle and back to Norfolk.

Moving coal is a big job that requires big equipment. At Cadiz, O., Hanna Coal Co. depends on 55-ton capacity tractor-trailers to carry coal from its Bradford open-cut mine to its Georgetown preparation plant. These diesel-powered giants are 55 feet long, 12 feet wide, nearly 12 feet high and can move 40 miles an hour.

### Tax Returns Subject To Audit Even if Its Employees Help You

Taxpayers of the northern district of Illinois were cautioned today, by Acting District Director Delbert J. Luippold of the Internal Revenue Service, that preparation of their 1955 tax forms by revenue personnel, or aid in preparing them, is no guarantee that such returns will be accepted as otherwise complete and valid.

"Many taxpayers," Mr. Luippold said, "think that returns prepared in our offices are finished and that they need have no further concern with them. This isn't true. Our agents who prepare or assist are merely following the information provided by taxpayer."

"If later check reveals discrepancies or even incorrect figures, the affected taxpayer must be prepared to explain and account for the items questioned."

Mr. Luippold urged taxpayers to attempt to prepare their own returns. The important thing is to get records and work papers together. Gathering the information is really the big part of the job. Careful reading of the tax forms and instruction booklet, he said, should enable most taxpayers to come up with the right answers.

Antioch 61, Fenton 59

In a game that was a thriller from start to finish the Sequoits defeated the Fenton Bisons here Friday night 61 to 59.

The Sequoits spotted the visitors a five-point lead in the first quarter, drew to within one point of a tie at the half, and forged ahead in the third quarter. Then they held onto the advantage, although at one point the Bisons were ahead 51-50. Huml led the Sequoits in the scoring with 19 points, with Al Reckers a close second with 17.

Coach Leon was quite pleased with the battle his men put up against a team that is ahead of them in conference standing.

"They are playing a different brand of ball than that which they played against Dundee, and I'm sure if they keep it up Dundee may be in for a surprise when we play them at tournament time," Leon said.

Statistics reveal that 20 manufacturing industries use nearly half of all the electric power generated in the United States and that almost 49,000,000 tons of coal are required annually to produce the power demanded by the three leading industries — primary metals, chemical companies and stone, clay and glass products.

### Spierings Offer \$1,000 for Arrest of Burglars Who Got \$9,000 in Money, Loot from Residence

Mr. and Mrs. C. F. Spiering of Rte. 45 at Rte. 173 announce that they are offering \$1,000 reward to anyone providing information leading to the arrest and conviction of the burglars who raided their home recently and obtained \$9,000 in cash and valuables.

They believe they may have been the same burglars who looted the C. H. Lockwood Oil Co. office on 22nd ave. in Kenosha Saturday.

### Colleges Have Money Troubles

Colleges will need about 800 million dollars a year for the next ten years, says the Kiplinger Letter, if they are to come anywhere close to taking in all of the new applicants. Tuition doesn't pay the bills and endowments bring inadequate returns. Colleges collected about 100 millions from business sources in 1955 and the Ford Foundation's additional 300 millions was huge, but only a drop in the bucket. So business giving to colleges will get new emphasis in the future.

If private giving is not sufficient, the time may come when there will be direct government aid to colleges.

**Big Building Boom in the 60's**

A building boom in the 60's is assured and it's likely to be almost twice as big as the present one, says the Kiplinger Letter. Marriages are the major factor in the demand for new houses. Marriages now are at the rate of 1.5 million, yet they justify 1.3 million houses. In the early 60's, 1.8 million houses a year will be needed to accommodate the 2.1 million new marriages.

### Mrs. Irene Jarolimek...

(continued from page 1)  
in the area last Thursday and jotted down its license number.  
A check showed that the car belonged to an Elgin Rent-a-Car service and inquiry there revealed that

it had been rented to Maxine "Varolinek" of RFD 1, McHenry.

Deputy Joan Dove and Coroner Babcox went to the Island Lake home of Mrs. Jarolimek and there found her in the company of a sailor Hugh Craney.

Craney and two other sailors, all military policemen, had held a party at her home the night before and said they dropped her off at the Jerry Jarolimek home at Lake Catherine Tuesday.

The younger Mrs. Jarolimek admitted to the police that she had been at her mother-in-law's home and that they had quarreled over money. She said she went to the kitchen and got a rifle to frighten her mother-in-law and that it was accidentally discharged, striking her in the cheek. She said she then used the scarf as a tourniquet to stop the flow of blood and that the elder Mrs. Jarolimek collapsed. She said she got frightened and fled.

Captain Holbek said that the wound was a slight one and that the idea of the tourniquet around the neck to stop the flow of blood was ridiculous.

Mr. Jarolimek said his wife had cashed a check for \$102, and that after payment of bills there should have been \$80 left. This was missing.

The daughter-in-law denied taking the money, but although broke, she was known to have paid a sailor

\$10 for transportation home and sent the Rent-a-Car agency \$43 on account.

There were blood stains on the purse, and there was believed to have been blood stains on the jacket of the elder Mrs. Jarolimek which the daughter-in-law wore home, and then took to a North Chicago cleaning establishment.

There were evidences of blood in nearly every room in the house, showing that Mrs. Jarolimek had moved around much before she finally collapsed in a glassed-in front room.

The husband of Mrs. Maxine Jarolimek, Jerome, 33, is a patient at Great Lakes Naval Training Center hospital suffering from a nervous disease.

### Funeral Service Today

Private services were held this afternoon at the Strang Funeral home for Mrs. Irene Jarolimek.

She was born Sept. 7, 1900 in Chicago, and lived in Cicero, Berwyn, and Forest Park before moving to Feller's Subdivision 10 years ago.

Jerry, her husband, is an assembler at the Deepfreeze plant. Their one son, Jerome C. is at the Naval hospital. Surviving also are the mother, Mrs. Marie Halik, Berwyn; two brothers, Rudolph of North Riverside, and Louis Halik of Lutsville, Fla.; and three sisters, Bessie Halik, North Riverside; Mrs. Mildred Kucera, Berwyn; and Mrs. Emily Wilke, Berwyn.
